Access to the roof can be achieved via the following manner: <b>Short ladder - Long ladder - Stairs</b>	
Require a Cherry Picker or other means to get access to the roof: Description: _____	
Room is complete and ready for installation Including power:	

**TERMS AND CONDITIONS**

- Invoices will be billed in advance after installation and must be paid within 5 days of invoice
- Contract links cannot be downgraded but may be upgraded at anytime without extending the contract period
- ISwitch shall levy a charge of R1 500-00 for the carrying out of the Line of Sight Survey in the event that the Line of Sight Survey is successful and the service is not taken.
- If the contact person is not available at the arranged time and the survey cannot take place, ISwitch will bill R1 500 for the callout.
- Installation and monthly pricing is dependant on a confirmed solution. This can only be confirmed after a physical LOS (Line Of Site) Survey has been completed. The Line of Site Survey not only confirms LOS and the solution it also confirms the cable route from the exterior of the building to the defined area inside the building..
- If installation is complicated and over and above the "Standard" installation, an additional fee will be charged to cover additional costs. (Extended Fibre cabling route, Required Cherry Picker etc).
